

DSPN welcomes the newest member of our WISDOT Roadside Team Dave O'Mara. Dave is our new Director of Roadside Facilities, reporting to the DSPN CEO.

Dave's first day was 8/14 and he brings impressive experiences with many administrative and hands-on experiences. Dave most recently came to us from the Deforest School District where he was the Buildings and Grounds Manager. His past work with project management, vendors, engineers, contractors, board members, and inspections is a great foundation for his role at DSPN.

Dave is a U.S. Army Veteran who served during Operation Desert Storm. He and his wife Carol live in Sun Prairie. His oldest daughter Bailey is a teacher in Wayzata, MN, and his youngest daughter Hannah, is an Occupational Therapist in Chicago.

Dave will oversee the entire Roadside Team to ensure we remain actively in touch with and provide outstanding customer service to our Providers and WisDOT partners. During Dave's first few weeks, he will meet face-to-face with our DOT partners followed by meetings with each of our 21 DSPN Roadside Providers.

Please join us in welcoming Dave to DSPN.
